

May Board Report  
Frenchtown Elementary (K-4)  
Aaron Griffin --- Principal

### **Enrollment as of May 7, 2018**

Kindergarten – 102  
First Grade – 99  
Second Grade – 85      Totals: 520  
Third Grade – 100  
Fourth Grade – 120  
Pre-Kindy – 16

Kindergarten update for 2018-2019 is at 90 --- this number is up about 20 students from previous years.

### **MBI Conference**

Several members of the Elementary and Intermediate Staff will be attending the Montana Behavior Initiative Conference in Bozeman the week of June 18 to 22, 2018. The CCLC program is required to go to this training on a yearly basis! I will be joining Teri Dinnell.

### **Classroom “Roll-Out” for the 2016-2017 School Year**

This will be done on Friday, May 25, 2018. We will transition our students to their new grade levels and classrooms. This will be the fourth year the South Campus has had the “Roll Out Day.” With the Infinite Campus Parent Portal being available to parents they have immediate access to classroom teachers as soon as we upload it into Infinite Campus. The new hires will be on site to meet their students. This gives the students and teachers a chance to meet before summer vacation and hopefully cuts down on some of the anxiety for parents, students, and teachers over summer vacation.

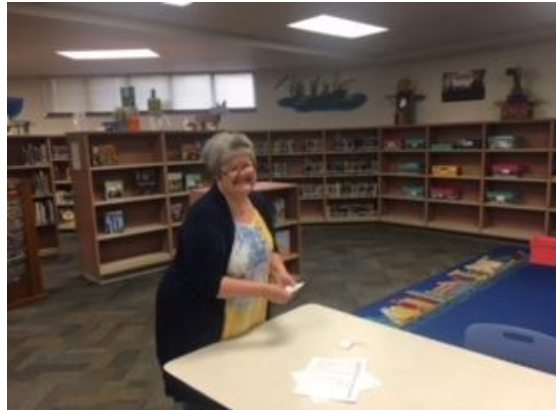

### **Teacher Appreciation Week**

Thank-you to the PTSA at Frenchtown Elementary for honoring the teaching staff the week of May 7-11, 2018 with a breakfast, lunch, flowers and notes to staff! The teachers at Frenchtown Elementary are awesome and truly committed to making the best – BETTER! Above you find a new sign proudly displayed at the entrance to Frenchtown Elementary.

**Thank-You**

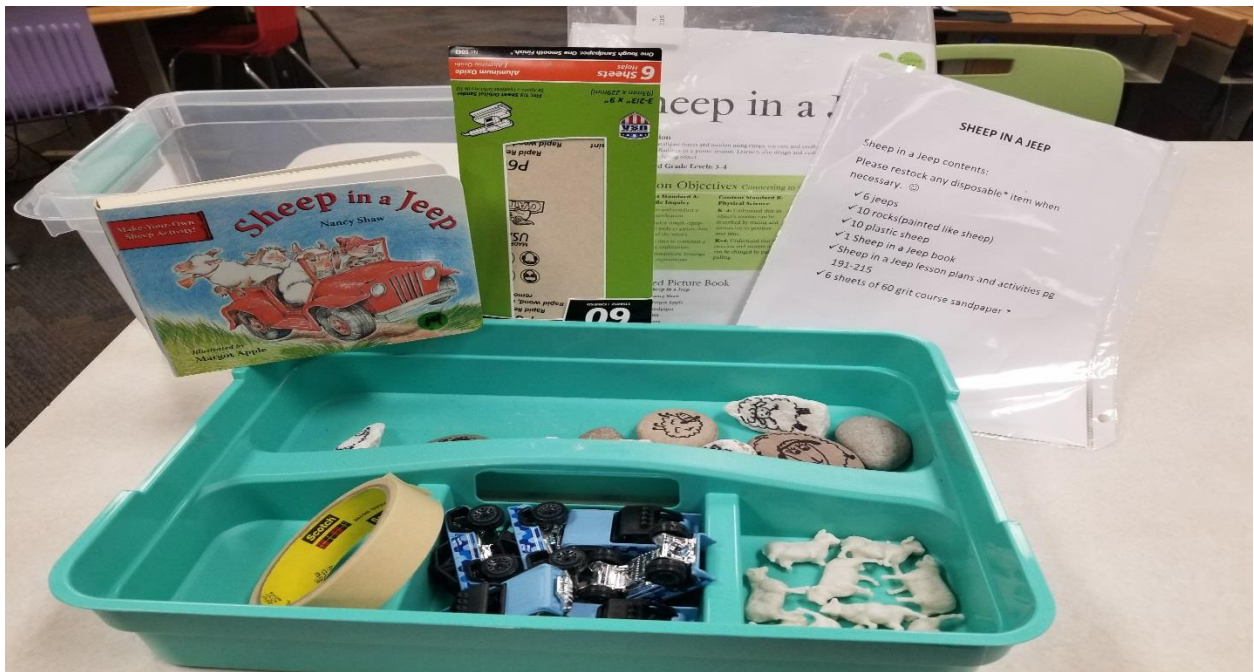

To Karen Nelson for their dedicated service to Frenchtown Elementary and have many happy years of retirement!  
Mrs. Nelson plans to enjoy the sun and spend winters in Arizona!

**Completed 2017-2018 Bonus Plans:**

**Staff Members: Karen Nelson and Niki Evans:**

- **Strategic Objective:** Develop a library facility plan that supports students and staff, student learning and a vision for the future. Makerspace/STEM engagement

Example of the Stem Kits --- Makerspace Kits they have put together.

**Staff Members: Jodie Burklund and Elaina Blass**

- **Strategic Objective:** Parenting the Love and Logic Way --- provide educational outreach to reduce stress and conflict at home between parents and students.
  - 10 to 14 parents attended this six week course on Love and Logic

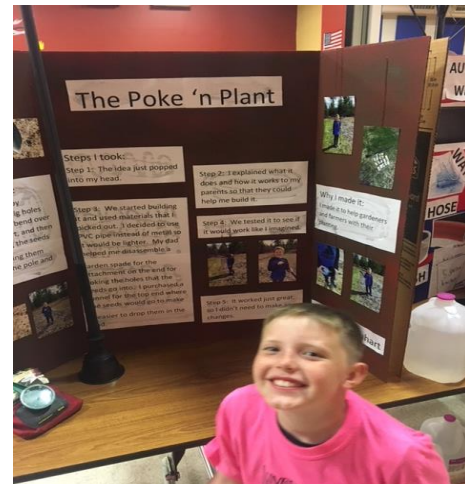

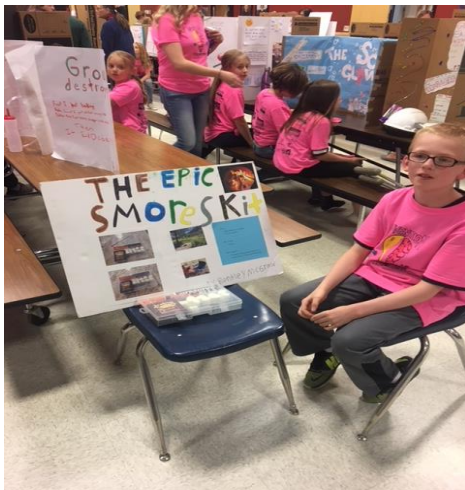

**Staff Members: Marcy Fisher and Christi Hoskinson**

- **Strategic Objective:** Facilitate student learning through math games
  - Math nights were held for students and parents to attend
  - Books were made for parents and students to take home (will bring copies to May board meeting.
  - Math manipulatives were given to parents and students

**Staff Member: Amy Griffin**

- **Strategic Objective:** Addressing childhood hunger in the Frenchtown School District
  - Close to \$9,000.00 has been raised to support this program through grants, pumpkin sales, donations, and other fundraising events.
